HEARTDANCE

MINISTRIES, INC.

New Things Are Coming For 'Heartdance'

We are excited about the coming 2010 Season of "Heartdance," for so much is fresh and new! We have many new faces in the cast, and some returning cast members are playing new roles. The script has been rewritten with many surprises in store for those who saw us last year. The dance team's choreography is revamped by our new choreographer, Maria Stephenson. Our new set designer, Julia Chapman, is giving the set a fresh new look. Our new director, Mark Stalheim, has made the script come alive in so many new ways. Wait until you see how Eli, Shaddai, and Joshua King are portrayed this year. We believe that our audience will be able to see the character of God in a new way in these characters. Everything old is new again and we can't wait until you see it!

Outreach to the Homeless

Not everything is new, just improved. Under the management skills of Sandra Bixler and Jerod Kabolic, we will again be ministering to the homeless on our Saturday afternoon matinees with food, a pre-show and the Heartdance presentation. We hope to reach twice as many as we did last year.

Performance Dates

This summer, our performance dates are **July 30, 31, and August 13, 14, 27 and 28**. Ticket prices are \$10 for adults and \$8 for students. Remember, Heartdance is rated PG-13, due to subject matter.

SPOTLIGHT ON...

TIM SCHENKER, MUSIC DIRECTOR

Heartdance Ministries is blessed with the special talents of Tim Schenker, our Music Director. Last season, Tim's music really made the play come to life. We're excited to see what new things he has in store for this season.

Where are you from? I am from West Virginia and Ohio.

Why are you part of *Heartdance*? I became involved in Lazarus Productions because of the invitation of one of my friends and because I could pour His heart into a play that has become something great. I also saw the potential to reach a variety of people with the powerful message in the play because of the wide scope in genre of music and characters. I feel that it is not a typical Broadway type of musical (although I enjoy these) because the

characters relate to issues that we face in our everyday lives. The big reason I continue to work with Lazarus Productions is because of the sense of family within the cast and directors.

What would you like to see happen with *Heartdance* this year?

I would like to see a greater reach in ministry, a children's ministry developed, and the school of prophetic arts begin to take shape.

What's your favorite meal? I love lamb curry.
